HiveHealth.exe	12/6/2023 1:37 PM	Application	639 KB
Production Candidate.zip	4/7/2023 3:38 PM	Compressed (zipp...)	182,413 KB
UnityCrashHandler64.exe	25/5/2023 12:53 PM	Application	1,099 KB
UnityPlayer.dll	25/5/2023 12:53 PM	Application exten...	28,154 KB

During the first time of launching the application you'll see the below screen.

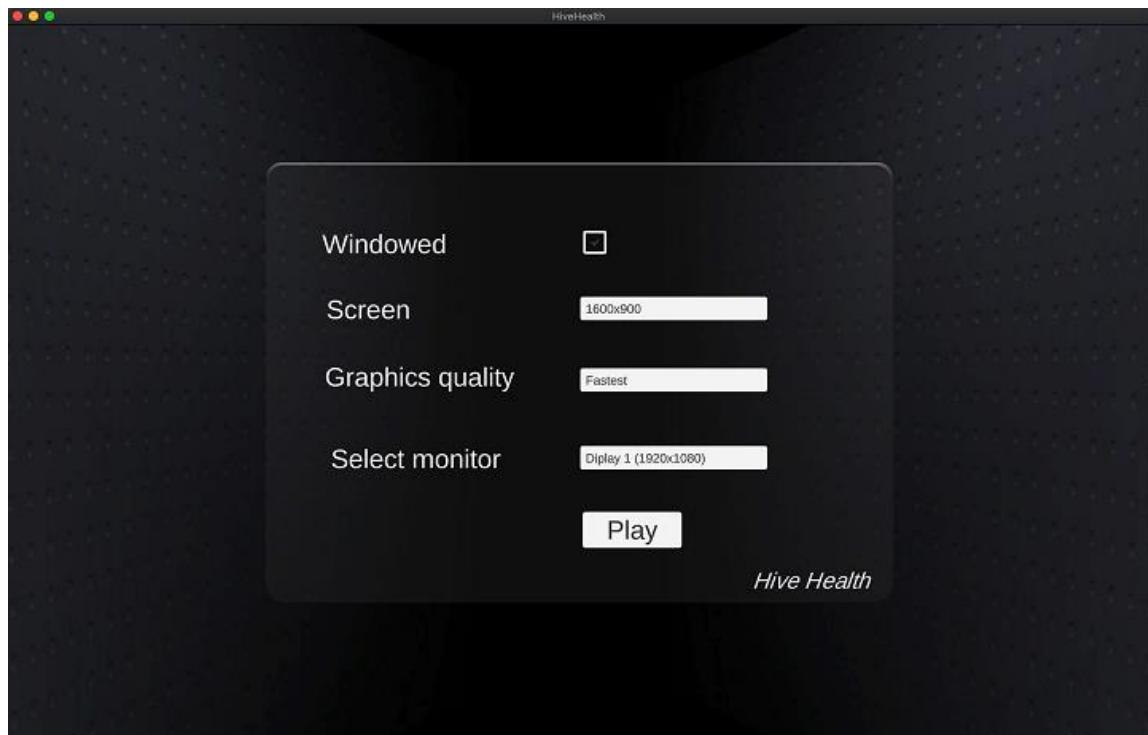

Click on 'More info' and proceed with the following:

HiveHealth Installation and Running the App Instructions

Click on the 'Run anyway' option, then game launch settings screen will appear.

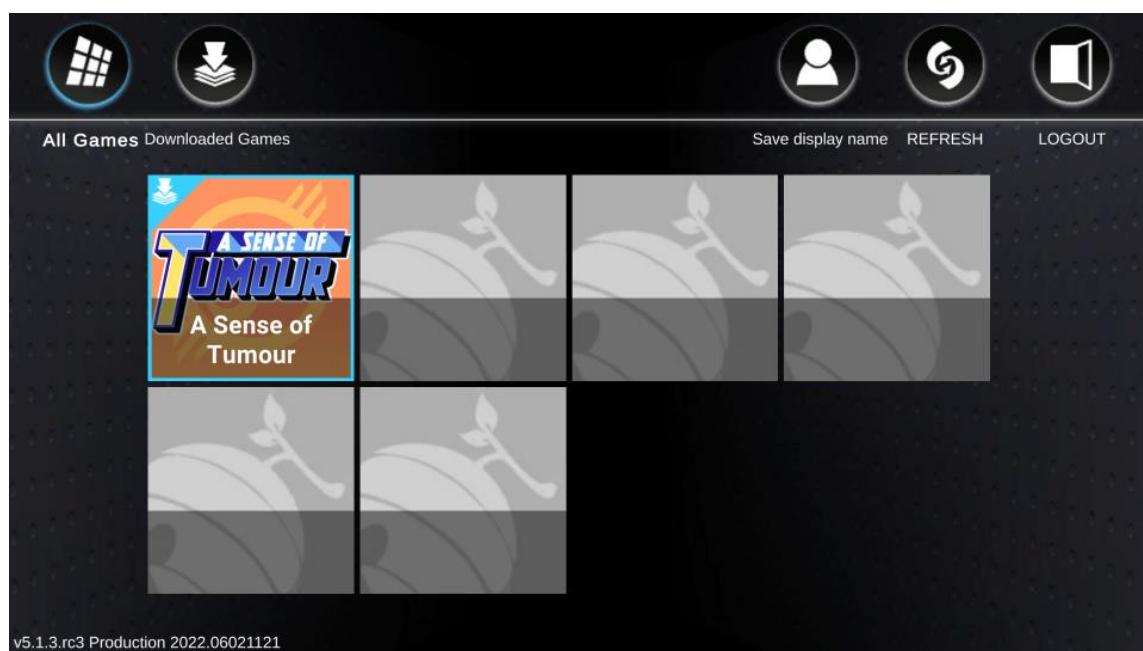

- Check the windowed option if full screen is not preferred.
- For best visual fidelity choose the highest screen resolution available for your system.
- Press 'Play' button to proceed to the login screen.

Launch HiveHealth & Login

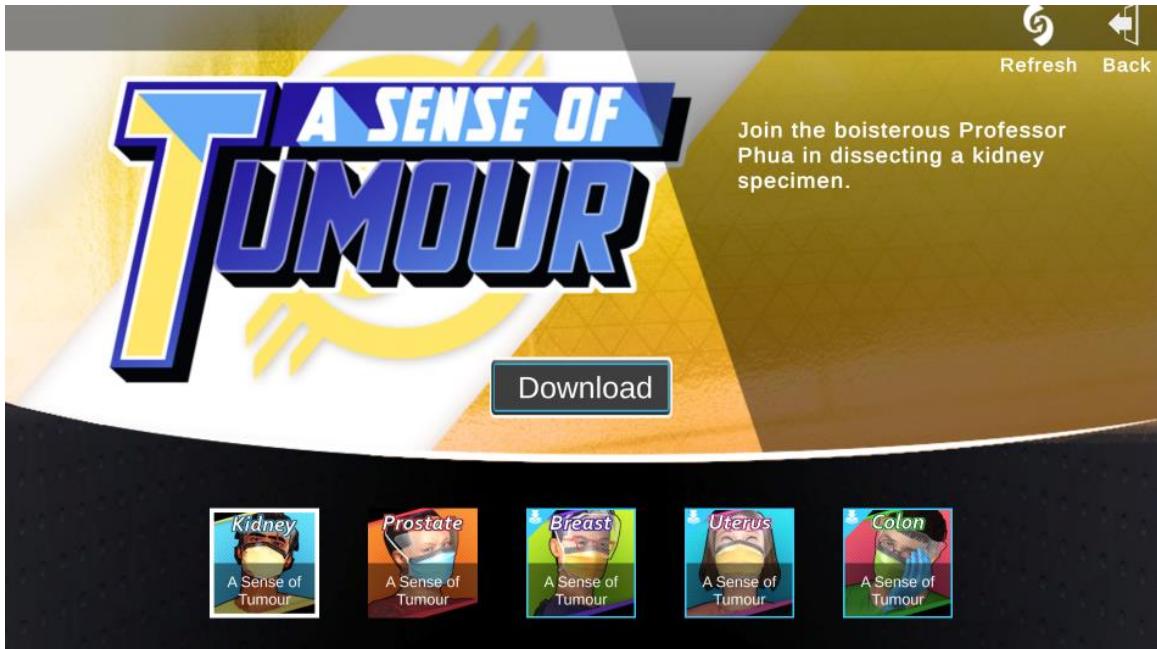

- Login with the credentials provided by your trainer or course admin.

- Then click on the relevant game icon to continue.

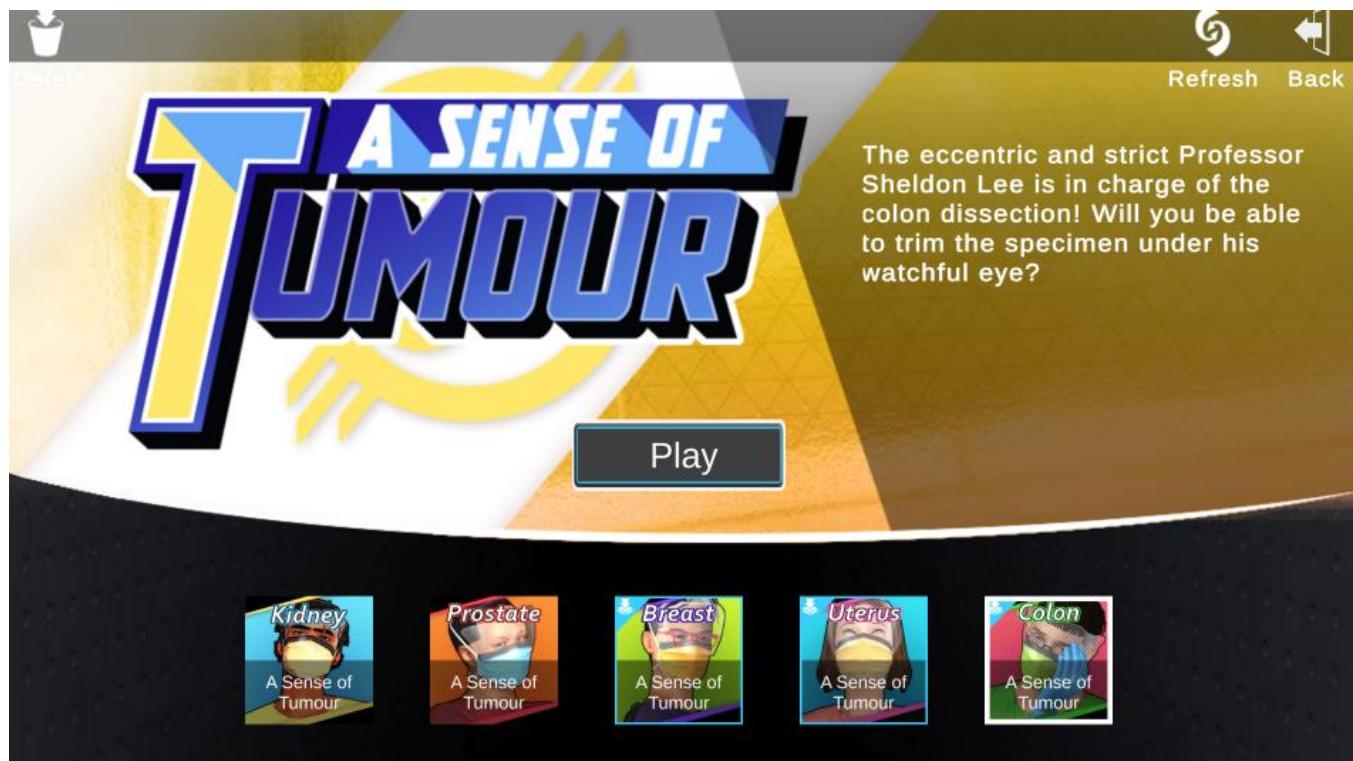

- Click on the gamelet you'd like to play. If it is not downloaded, you'll see a **Download** button, otherwise a 'play' button will appear instead.

- Click on **Download**, During the downloading you will see the following 3 processes occur.
 - **Downloading**
 - **Extracting**
 - **Pulling assets**

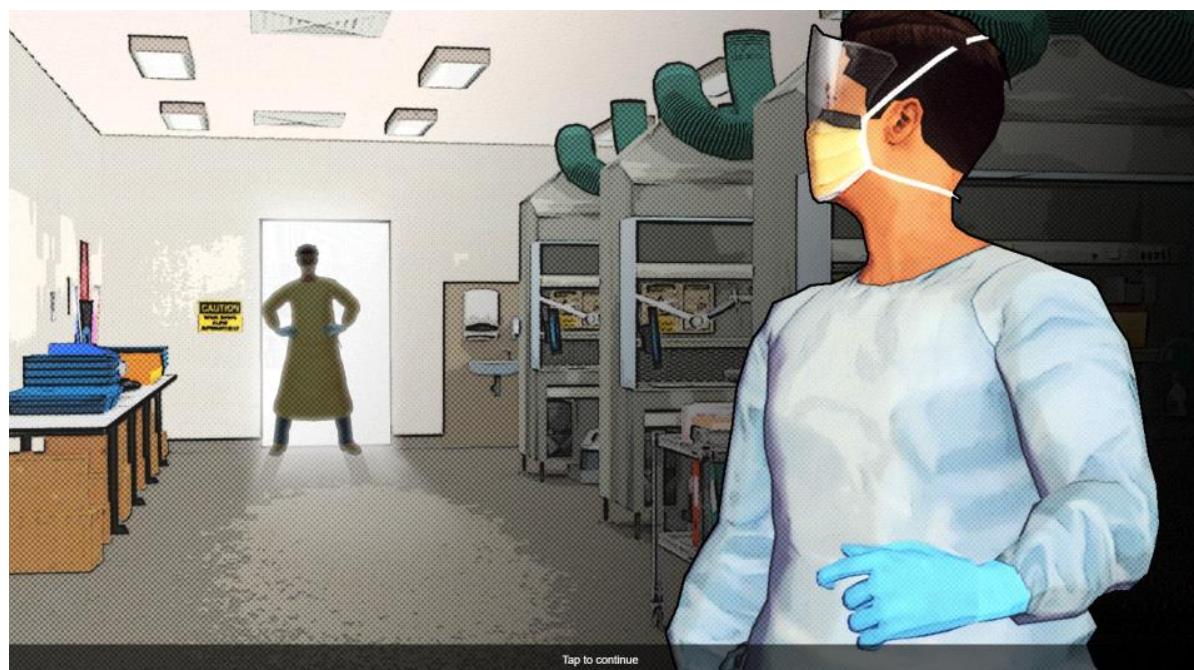

[Its is recommended to download 1 game at a time]
- Upon completion, the “**Play**” button will be shown as shown below.

- To delete the game and download again, select the game and click on the delete icon on the top left.
- Tap or click the **Play** button to start playing the game.

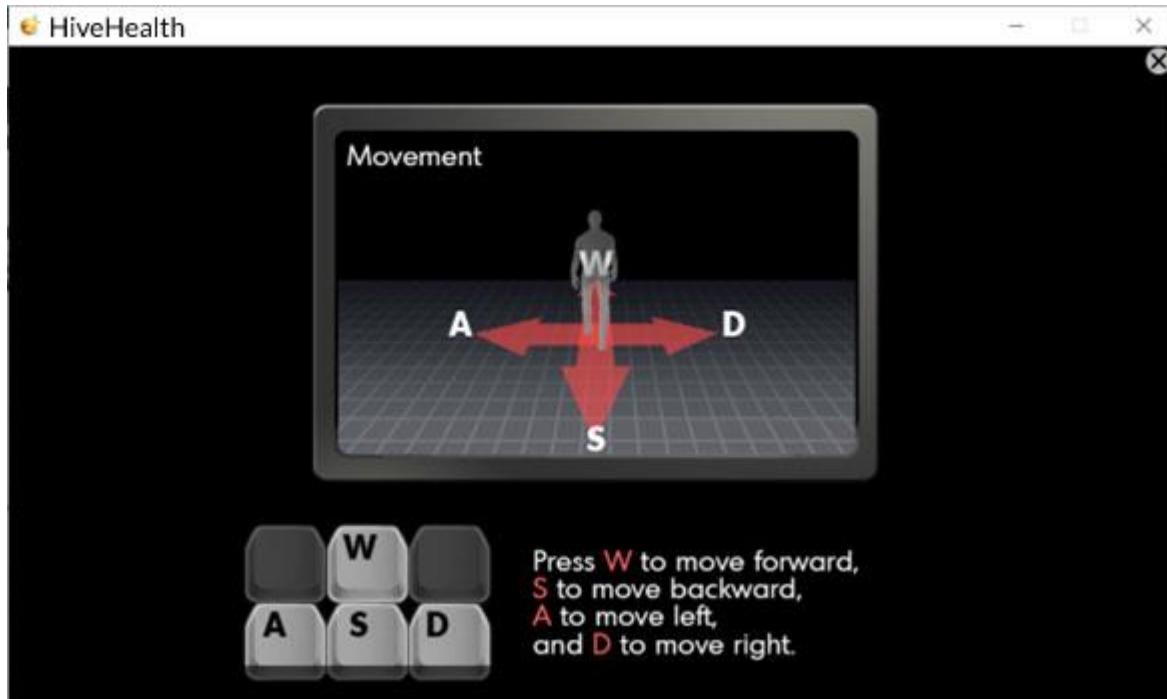

HiveHealth Installation and Running the App Instructions

- You'll see a loading screen as the game is setting up the game's assets.

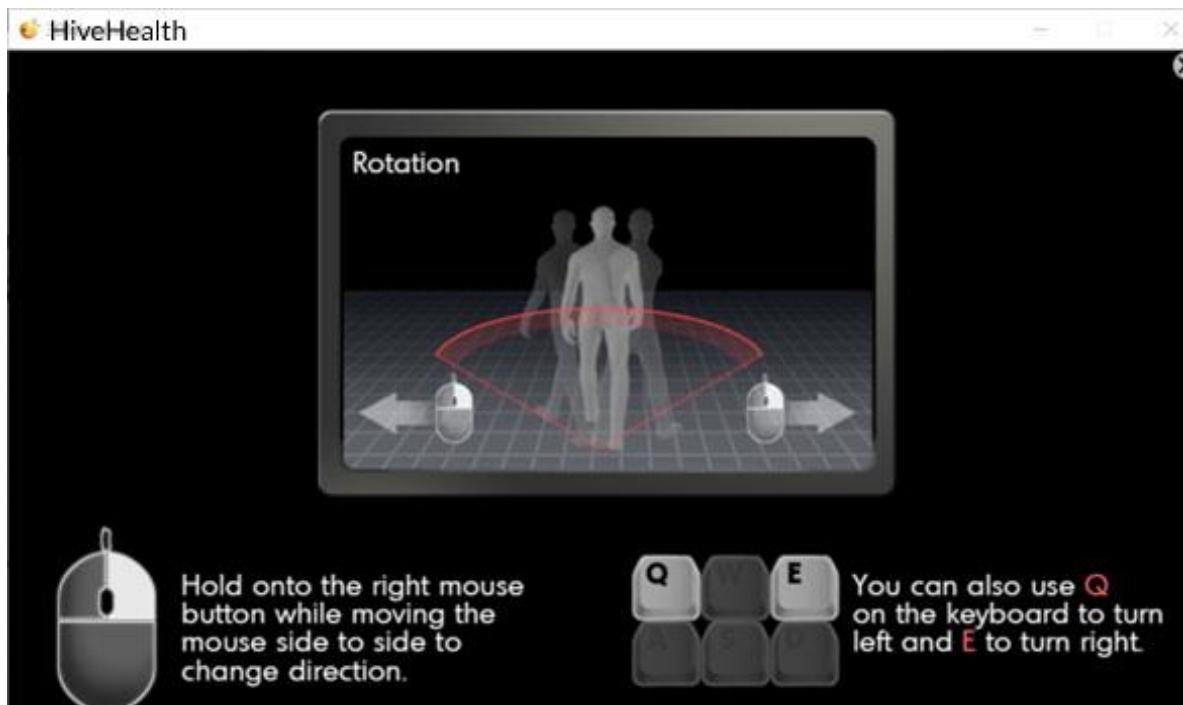

- Click to continue for most interactive dialogues/comics.

HiveHealth Installation and Running the App Instructions

- Use WASD keys or -> Directional keys to move in the 3D world.

- Hold onto the right mouse button and move side to side to change the camera directions, you could also roll the mouse wheel to zoom in and out.
- Read and listen to dialogues as to where to proceed next or look for visual cues.

HiveHealth Installation and Running the App Instructions

Anytime you'd like to quit the game, tap on the menu icon on the left top corner and click the exit button. Otherwise you could press “**esc**” to quit the game and select “yes” in the popup window.
